Dear Sir:

This paper serves three purposes, namely: (1) to serve as a request for continued examination; (2) to amend the claims pending in the application; and (3) to request an Interference by Applicant pursuant to 37 C.F.R. § 1.604 and § 1.607. This paper is being filed in response to Applicants' becoming aware of interfering claims in an issued patent and in a pending application as set forth below. This amendment is accompanied by a petition to

withdraw the application from issue, and a request for continued examination for the same purpose. Applicants respectfully request entry of the amendment prior to further examination.

Applicants also request that the application be forwarded to the **Office of Petitions** to promptly begin the interference proceedings. An associate power of attorney making additional individuals of record is also included.

The following Table of Contents will aid the Examiner in identifying the various portions of this paper.
